

International Police Association - **Region only notification**

Region recruitment drive displays!

I have had a request from regions wishing to purchase their own table top display. The US has 4 of these now that we can ship around on loan but many regions prefer to have their own. Four regions have already purchased these in the past. These table top briefcase style displays are light, set up in seconds and look very professional. A display with carry bag, professionally printed header and center panels and shipping are about \$450 if you purchase just one. Purchase of 3 or 4 brings the price down to about \$400. More will be cheaper so the more regions who buy one, the cheaper they are. If your region would be interested, please let me know. I can order them, have them shipped direct to the region and just send an invoice.

The case comes with the side panels blank so the region can personalize it for their region. Everything sticks with velcro. The two center graphics are also velcro attached. They can quickly be removed and your region can loan the case to a member to use as a display for a church, civic or agency event when not being used for the Region. Loan it to the local PD for their recruitment drive! The white header on top can be turned around or removed when used for non-IPA events. When not in use "park" it at the local academy or agency so it is seen daily!

Sincerely,

Kevin Gordon, US Treasurer, President R57
