Both IPA PowerPoints can be used as promotional items. If you didn't already get it, the music file can also be downloaded from the Region 57 web site <http://ipa-usa.org/region57/links.html> . On your computer just put the music file in the same folder as the powerpoint and the music should play when you start up the slide show. If you need any help, just ask Kevin@kgordon.com

About IPA PowerPoint (explains what the IPA is)

This was designed for the US section but it is easily modified for any section and any section is welcome to use it. While you may wish to change all to another language, there are only 4 pages that need the text changed so it is about your section.

Slide 17, change to your section history

Slide 27, Change to your section costs and benefits

Slide 29, Change your section dues

Slide 30, Change your section national officer information.
